PROPOSED RENEWAL OF AUTHORITY FOR THE PURCHASE OF OWN SHARE BY NTPM HOLDINGS BERHAD

1. INTRODUCTION

At the Fifteenth (15th) AGM held on 23 September 2011, the Board obtained its Shareholders' approval to undertake the share buy-back of up to ten percent (10%) of the issued and paid-up share capital of NTHB. The authority obtained by the Board for the purchase of its own ordinary shares by the Company shall, in accordance with the Listing Requirements, lapse at the conclusion of the forthcoming 16th AGM, unless a renewal of the mandate is obtained from Shareholders of NTHB at the AGM.

On 25 June 2012, the Board announced the Company's intention to seek its Shareholders' authorisation for the Proposed Renewal of Share Buy-Back Mandate by way of passing ordinary resolution at the forthcoming 16th AGM to be convened on Friday, 21 September 2012.

The purpose of this Statement is to provide you with the relevant details of the Proposed Renewal of Share Buy-Back Mandate and to seek your approval on the relevant ordinary resolution to be tabled at the forthcoming 16th AGM, which will be held at the Bukit Jawi Golf Resort, 691 Main Road, Sungai Bakap, 14200 Seberang Perai Selatan, Penang on Friday, 21 September 2012 at 9.30 a.m. or any adjournment thereof. Notice convening the 16th AGM together with the Proxy Form, are enclosed in the Annual Report 2012 which is despatched with this Statement.

SHAREHOLDERS OF NTHB ARE ADVISED TO READ AND CONSIDER THE CONTENTS OF THIS STATEMENT CAREFULLY BEFORE VOTING ON THE ORDINARY RESOLUTION PERTAINING TO THE PROPOSED RENEWAL OF SHARE BUY-BACK MANDATE.

2. PROPOSED RENEWAL OF SHARE BUY-BACK MANDATE

2.1 Details of the Proposed Renewal of Share Buy-Back Mandate

The Company proposes to seek from its Shareholders for a renewal of authority to purchase and/or hold from time to time and at any time up to ten percent (10%) of the issued and paid-up share capital of the Company at any point of time subject to compliance with Section 67A of the Act, Part IIIA of the Companies Regulations 1966, the Listing Requirements and any prevailing laws, rules, regulations, orders, guidelines and requirements issued by the relevant authorities. The purchase of the Company's own Shares will be carried out on Bursa Securities through an appointed stockbroker.

As at 31 July 2012, the total issued and paid-up ordinary share capital of NTHB is RM112,320,000 comprising of 1,123,200,000 Shares (*inclusive of 59,000 Shares brought back and retained as treasury shares, representing 0.005% of the paid up ordinary share capital of the Company*).

Under the existing Share Buy-Back Mandate, the maximum number of Shares which may be purchased and/or held by the Company will be ten percent (10%) of the issued and paid-up share capital of NTHB, i.e. 112,320,000 Shares, including 59,000 Shares, which have been bought back and retained as treasury shares. None of the Shares bought back have been cancelled.

The actual number of Shares to be purchased, the total amount of the funds to be utilized as well as the timing of the Proposed Renewal of Share Buy-Back Mandate will be dependent on the market conditions, sentiments at the market of Bursa Securities, availability of the retained profits, the share premium accounts as well as the financial resources available to NTHB Group.

The authority from the Shareholders, if renewed, shall be effective upon the passing of the Ordinary Resolution for the Proposed Renewal of Share Buy-Back Mandate as stated in the Notice of 16th AGM contained in the Company's Annual Report 2012 and such authority may continue to be in force until:-

- (a) the conclusion of the next AGM of the Company following the general meeting at which such resolution was passed at which time shall lapse, unless by ordinary resolution passed at that meeting, the authority is renewed, either unconditionally or subject to condition; or
- (b) the expiration of the period within which the next AGM is required by law to be held; or
- (c) revoked or varied by ordinary resolution passed by the shareholders of the Company at a general meeting of the Company,

whichever occurs first.

2.2 Funding for the Share Buy-Back

In accordance with the Listing Requirements, the maximum funds to be utilised for the Proposed Renewal of Share Buy-Back Mandate shall not exceed the aggregate of the retained profits and/or share premium accounts of the Company. Based on the latest audited financial statements of the Company for the FYE 30 April 2012, the retained profits and share premium balance of the Company was RM7,495,183 and nil respectively.

The Proposed Renewal of Share Buy-Back Mandate will be financed through NTHB Group's internally generated funds and/or external borrowings, the portion of which to be utilised will depend on the actual number of Shares to be purchased, the price of the Shares and the availability of funds at the time of purchase(s).

In the event the Company purchases its own Shares using external borrowings, the Board shall ensure that the Company has sufficient funds to repay the external borrowings and the repayment would not have any material effect on the cash flow of the Group.

2.3 Status and Treatment of Purchased Shares

The Directors may deal with the Purchased Shares in accordance with Section 67A of the Act, in the following manner:-

- (a) to cancel the Purchased Shares; and/or
- (b) to retain the Purchased Shares as treasury shares; and/or
- (c) to distribute the treasury shares as dividends to the Shareholders (“Share Dividends”); and/or
- (d) to resell the treasury shares on the market of Bursa Securities in accordance with the Listing Requirements; and/or
- (e) any other manner as prescribed by the Act, rules, regulations and orders made pursuant to the Act and the Listing Requirements as well as any other relevant authority for the time being in force.

As at the date of this Statement, the Board has yet to make any decision with regard to the treatment of the Shares to be so purchased and will take into consideration the effects of such treatment on the Group in arriving at its decision. An immediate announcement will be made to Bursa Securities upon each purchase, cancellation and/or resale of Shares pursuant to the Share Buy-Back.

While the Purchased Shares are held as treasury shares, the rights attached to them in relation to voting, dividends and participation in any other distribution or otherwise will be suspended. The treasury shares shall not be taken into account in calculating the number or percentage of Shares or of a class of Shares in the Company for any purposes including substantial shareholding, take-overs, notices, the requisitioning of meetings, the quorum for a meeting and the result of a vote on the resolution at a meeting.

2.4 Rationale/Potential Advantages and Disadvantages of Proposed Renewal of Share Buy-Back Mandate

The Proposed Renewal of Share Buy-Back Mandate, if implemented, will enable the Company to utilise any of its surplus financial resources, which is not immediately required for other uses, to purchase its own Shares from the market. The Share Buy-Back carried out pursuant to the Proposed Renewal of Share Buy-Back Mandate is expected to stabilise the supply and demand of NTHB’s Shares traded on the Main Market of Bursa Securities and thereby support its fundamental value.

Other things being equal, the Share Buy-Back carried out pursuant to the Proposed Renewal of Share Buy-Back Mandate, regardless of whether the Purchased Shares are maintained as treasury shares or cancelled, will

result in a lower number of NTHB shares being used for the purposes of computing the EPS. Therefore, the Share Buy-Back will improve the EPS of NTHB, which in turn is expected to have a positive impact on the market price of NTHB.

The Purchased Shares may be held as treasury shares and resold on the Main Market of Bursa Securities at a higher price with the intention of realising a potential gain without affecting the total issued and paid-up share of the Company. Should any treasury shares be distributed as Share Dividends, this would serve to reward the Shareholders of the Company.

The potential advantages of the Proposed Renewal of Share Buy-Back Mandate to the Company and its Shareholders are as follows:-

- (a) it will allow the Company to take preventive measures against speculation particularly when its Shares are undervalued which would in turn stabilise the market price of the Shares and hence, enhance investors' confidence;
- (b) it will allow the Company the flexibility in achieving the desired capital structure, in terms of debt and equity composition, and the size of equity;
- (c) when the Shares bought back by the Company are cancelled, Shareholders of the Company are likely to enjoy an increase in the value of their investment in the Company as the net earnings per share of the Company and the Group will increase proportionately, *ceteris paribus*; and
- (d) it will allow the Company to realise potential gains if the Purchased Shares are resold at higher prices without affecting the total issued and paid-up capital of the Company and such proceeds may be subsequently used for investments opportunities arising in the future or as working capital and/or distribute such proceeds as Dividends to Shareholders of the Company.

The potential disadvantages of the Proposed Renewal of Share Buy-Back Mandate, if implemented, are as follows:-

- (a) the Proposed Renewal of Share Buy-Back Mandate would reduce the financial resources of the Group and may result in the Group foregoing other alternative investment opportunities that may emerge in the future; and
- (b) as the Proposed Renewal of Share Buy-Back Mandate can only be made out of retained profits and/or share premium accounts of the Company, it may result in the reduction of financial resources available for distribution to Shareholders in the immediate future.

The Directors in exercising any decision on the Proposed Renewal of Share Buy-Back Mandate will be mindful of the interest of the Company and its Shareholders. Proposed Renewal of Share Buy-Back Mandate will be implemented only after careful consideration of the financial resources of the Company and its resultants impact.

2.5 Public Shareholding Spread

Further to the above, the Board is mindful of the Listing Requirements that the Proposed Renewal of Share Buy-Back Mandate must not result in the number of Shares which are in the hands of the public falling below 25% of the issued and paid-up share capital (excluding treasury shares) of the Company. As at 31 July 2012, the Record of Depositors of NTHB showed that 422,048,592 Shares representing approximately 37.58% of the issued and paid-up share capital were held by 3,869 public shareholders.

The Board undertakes that the Proposed Renewal of Share Buy-Back Mandate will be conducted in accordance with the laws and regulations prevailing at the time of the purchase including compliance with the public shareholding spread requirements as stipulated in paragraph 8.02 of the Listing Requirements, and ensuring that the issued and paid-up share capital of the Company does not fall below the applicable minimum share capital requirements of the Listing Requirements.

The public shareholdings spread of the Company as at 31 July 2012 and after incorporating the effects of the Proposed Renewal of Share Buy-Back Mandate is as follows:-

	As at 31 July 2012	After the Share Buy-Back*
Public shareholding spread	37.58%	30.65%

Notes:-

* Based on the assumptions that:-

- (i) the Proposed Share Buy-Back Mandate involves the aggregate purchase and cancellation of 112,320,000 Shares (representing 10% of the issued and paid-up share capital of NTHB as at 31 July 2012); and
- (ii) the number of Shares held by the Directors of the Group, the Substantial Shareholders of NTHB and persons connected with them remain unchanged.

2.6 Implication Relating To The Code

Part II and Practice Note 2.7 of the Code state that if a person, together with persons acting in concert with him (if any), holding more than thirty-three percent (33%) but less than fifty percent (50%) of the voting shares of a company, who as a result of a purchase by the company of its own voting shares, increases his holding in any period of six (6) months by an additional two percent (2%) or more of the voting shares of the company, there is an obligation to extend a mandatory take-over offer to acquire the remaining shares not already held by the said person and persons acting in concert with him ("**Mandatory Offer**").

Based on the shareholdings of the Substantial Shareholders of the Company as at 31 July 2012 and assuming the purchase of the Company's own Shares is carried out in full, the aggregate shareholdings of Mr. Lee See Jin together with the persons acting in concert with it, namely, Madam

Ooi Yan Hua, Mr. Lee Chong Choon, Mr. Lee Chong Chat and Ms. Lee Hooi Fung (collectively known as “**Substantial Party**”) will increase by approximately 4.66% to approximately 46.63%. Accordingly, based on the above assumption, pursuant to the Code, the Substantial Party is obliged to undertake a Mandatory Offer.

The Board does not intend to undertake the Proposed Renewal of Share Buy-Back Mandate such that it will trigger any obligation to undertake a Mandatory Offer.

However, in the event an obligation to undertake a Mandatory Offer is to arise with respect to any parties resulting from the Proposed Renewal of Share Buy-Back Mandate, which is an action outside its direct participation, the relevant parties shall make the necessary application to the SC for an exemption from undertaking the Mandatory Offer under Practice Note 2.9.10 of the Code.

2.7 Purchase of Shares Made in the Last Financial Year

The Company had made purchases of a total of 20,000 Shares in the last FYE 30 April 2012 and all 20,000 Shares are currently held as treasury shares. As at 31 July 2012, the total treasury shares held by NTHB is 59,000 Shares.

The details of NTHB Shares bought back during the said period are set out in the “Other information required by the Main Market Listing Requirements of Bursa Malaysia Securities Berhad” section of NTHB’s Annual Report 2012.

3. EFFECTS OF THE PROPOSED RENEWAL OF SHARE BUY-BACK MANDATE

In the event the Proposed Renewal of Share Buy-Back Mandate is implemented in full, the proforma effects on the share capital, earnings, NA, gearings, working capital, dividend and shareholdings of Directors, Substantial Shareholders and persons connected to them are as follows:-

3.1 Share Capital

The Proposed Renewal of Share Buy-Back Mandate will have no effect on the issued and paid-up share capital of the Company if the Purchased Shares are retained as treasury shares or re-sold in the open market or distributed to its Shareholders as Share Dividend.

For illustration purposes and assuming ten per centum (10%) of the issued and paid-up share capital of the Company as at 31 July 2012, are purchased and entirely cancelled, the Proposed Renewal of Share Buy-Back Mandate will have the following effects on the share capital of the Company:-

Share Capital	No. of Shares	RM
Issued and paid-up share capital as at 31 July 2012	1,123,200,000	112,320,000
Purchase of own shares and to be cancelled pursuant to the Proposed Renewal of Share Buy-Back Mandate *	(112,320,000)	(11,232,000)
Resultant issued and paid-up share capital upon completion of the Proposed Renewal of Share Buy-Back Mandate	1,010,880,000	101,088,000

* inclusive of 59,000 Treasury Shares currently held by the Company as at 31 July 2012.

3.2 Earnings and EPS

The actual effect of the Share Buy-Back on the EPS of the Group will depend on the purchase prices of the Shares, the number of Shares purchased and the effective finance cost to the Group to finance the purchase of Shares or any loss in interest income to the Group.

Should the Company choose to hold the Purchased Shares as treasury shares and resell the Shares subsequently, the effect on the EPS of the Group will depend on the actual selling price, the number of treasury shares resold, and the effective gain or interest saving arising from the exercise.

If the Shares so purchased are cancelled, the Share Buy-Back will increase the EPS of the Group provided that the income foregone and interest expenses incurred on the Purchased Shares is less than the EPS before the Share Buy-Back.

3.3 NA, Gearing and Working Capital

The NA per Share of the Company and the Group may increase or decrease depending on the purchase price of the Shares to be bought back by the Company in comparison to the NA per Share of NTHB at the time that the shares are purchased.

If the Purchased Shares are cancelled, the Proposed Renewal of Share Buy-Back Mandate will reduce the NA per Share if the purchase price per Share exceeds the NA per Share at the relevant point in time, and vice versa.

The NA of NTHB would decrease, if the Purchased Shares are retained as treasury shares, by the cost of treasury shares to be carried at cost and be offset against equity.

If the treasury shares are resold on the Main Market of Bursa Securities, the NA per NTHB Share upon the resale would increase if the Company realises a gain from the resale, and vice versa. If the treasury shares are distributed as Share Dividends, the NA per Share will decrease by the cost of the treasury shares.

The Proposed Renewal of Share Buy-Back Mandate is not expected to have any material effect on the Company's gearing.

The Proposed Renewal of Share Buy-Back Mandate will reduce the working capital and cash flow of the Group, the quantum of which will depend on the purchase prices of the Shares and the number of Shares purchased.

For Purchased Shares which are kept as treasury shares, upon their resale, the working capital and cash flow of the Group will increase upon the receipt of the proceeds of the resale. The quantum of such increase will depend on the actual selling price(s) of treasury shares and the number of treasury shares resold.

3.4 Dividend

The Proposed Share Buy-Back Mandate is not expected to have any material impact on the policy of NTHB's Board in recommending future dividends. The actual dividend rate to be declared and paid to its shareholders, will depend on, amongst others, the actual results of the Group, its cash reserves, capital commitment and future funding requirements.

However, the Board will have the option of distributing the treasury shares as Share Dividends to the Shareholders.

3.5 SHAREHOLDINGS OF DIRECTORS, SUBSTANTIAL SHAREHOLDERS AND PERSON CONNECTED TO THEM

The Shares purchased by the Company pursuant to the Proposed Renewal of Share Buy-Back Mandate that are retained as treasury shares and/or cancelled will result in a proportionate increase in the percentage of shareholdings of the Directors and Substantial Shareholders of the Company. The effects of the Share Buy-Back on the direct and indirect interests of the Directors and Substantial Shareholders and any person connected with the Directors and/or Substantial Shareholders in the proposed purchase based on the Register of Directors and Substantial Shareholders of NTHB as at 31 July 2012 are illustrated as follows:-
